

Information Security Policy Statement

As a global leader in satellite communications, our portfolio represents the highest standard in performance, efficiency, and reliability.

ST Engineering iDirect is committed to Information Security throughout its organization and portfolio:

- By establishing an Information Security Management System based on its strategic direction;
- By developing and communicating Information Security objectives as needed to support the implementation of this policy;
- By implementing controls to ensure they are sensibly protecting the confidentiality, availability, and integrity of assets from threats and vulnerabilities.

ST Engineering iDirect Executive Leadership Team is committed:

- To satisfy all applicable information security related requirements;
- To continual improvement of the Information Security Management System.
