WHAT TO DO IN CASE OF EMERGENCY:

Emergency Evacuation Exercise

Signal for emergency evacuation

Stage 1 – Alert Signal

The sounding of the first fire alarm system (lasting less than 1 minute) is treated as an alert for all personnel.

Remain calm and wait for further instruction as the alarm incident is being investigated.

Stage 2 – Evacuation Signal

Upon confirmation of a fire situation, a second continuous fire alarm system (lasting more than 1 minute) is activated on all floors for total evacuation.

Commence evacuation. Follow the signs:

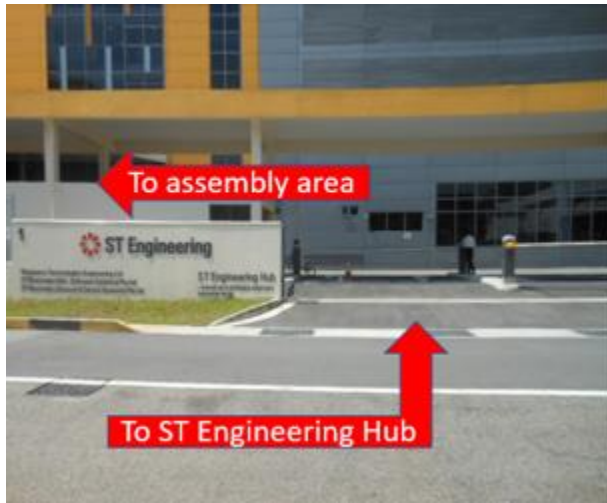

There is a corridor leading to the emergency escape staircase 1, 2, 3, & 4 on the 6th floor.

Emergency Evacuation Exercise
